GitHub: https://github.com/nishantpathak53 **Mobile:** +91-9102426246

Skills

- **Languages**: C/C++, JavaScript, TypeScript
- **Frameworks & Libraries**: ReactJS, NodeJS, Express, HTML and CSS, Bootstrap, Tailwind CSS
- **Tools & Platforms**: MySQL, MongoDB, Git, GitHub, Figma, Postman, Vercel, AWS
- **Core CS Fundamentals**: DBMS, OS, CN, SQL, OOPs
- **Soft Skills**: Time Management, Leadership, Problem-Solving, Adaptability, Quick Learner

Projects

REBORN – Custom Clothing E-Commerce Platform | GitHub Oct' 24 - Feb' 25

- Built Reborn, a full-stack e-commerce clothing platform allowing users to customize apparel (fabric, size, color) and place personalized orders.
- Integrated secure user authentication and authorization using JWT, enabled safe login, order tracked, and personalized dashboards.
- Enhanced user experience with real-time customization options, efficient order processed, and a scalable full-stack architecture suitable for production deployment.

Tech: Tech: Spring Boot, MySQL, React, and Tailwind, with modular APIs and a dynamic UI.

Ride My Car - Vehicle Rental Web Application | GitHub Jun' 24 - Feb' 25

- Creating a responsive vehicle rental web platform ("Ride My Car") using HTML, CSS and structured UI components, included login, signup, etc.
- Implemented clean page architecture with reusable design assets for car and bike listed, enhanced user navigation and overall interface experience
- Optimized frontend workflow by separated concerns via modular stylesheets, asset organization for maintainability and scalability.

Tech: HTML, CSS, JavaScript, modular UI components, responsive design principles.

Training

CSE Pathshala – C++ Programming: OOPs and DSA Dec' 24 – Feb' 25

- Completed hands-on training in C++ programming with a strong focus on Object-Oriented Programming (OOP) concepts like classes, inheritance, polymorphism, and abstraction.
- Gained practical exposure to Data Structures & Algorithms, included arrays, linked lists, stacks, queues, trees, graphs, and sorted/searching techniques.
- Engineered and debugged multiple problem-solving modules, improved logic-build, code efficiency, and clean coding practices.

Certificates

- C++ Programming: OOPs and DSA – CSE Pathshala | Link Oct' 25
- C Language from basic to professionalism | Link Jul' 24
- Organizational Communication – Mindluster | Link Jul' 23

Achievements

- State-Level Hackathon | Link Feb' 24
  Participated in a State-Level Inter-University Hackathon organized by Coding Blocks LPU, showcasing skills in coding and problem-solving.

Education

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: **5.55** Aug' 23 - Present

St. Mariams School Palamu,Jharkhand
Intermediate; Percentage: **68.8** Jun' 21 – May' 23

St. Mariams School Palamu,Jharkhand
Matriculation; Percentage: **45** Apr' 20 - May 21
